EXAMINER'S AMENDMENT *Amdt/PTHP*

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: in claim 1, on line 16, "amplifier s" changed to --amplifiers--.

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the claims are allowable over prior of record, because none of the references in alone or in combination discloses:

An optical source generator for wavelength division multiplexing optical communication system comprising: first and second pumping light generator; first and second wavelength router; first and second plurality of optical fiber amplifiers; and first and second optical band pass filters are arranged as in claims 1 and 13, wherein first optical sources are generated through first optical paths which direct in an input direction of the pumping lights inputted from the first pumping light generator, second optical sources being generated through second optical paths which direct in an input direction of the pumping lights inputted from the second pumping light generator.

The underlined characteristics are critically, since the device is improved. It increases a transmission capacity in the optical communication field; improves an installation efficiency; and reduces an installation expensive.

Bergano (6,137,604) discloses a method an apparatus is provided for managing dispersion in a WDM optical transmission system comprising wavelength routers, optical band pass filters, amplifiers, but does not arrange as the present invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
